HISTORIC VENUES

This Summer Robyn and I are thrilled and honored to be able be a family on mission in three specific areas!

- 2. Jack and Austin will be going to Germany for 2 weeks to work with Syrian refugees that have been displaced by Civil War. We will be sharing the love of Jesus and meeting practical needs of refugees.
- 3. Lastly, Halle, Jack and Ben are starting up a kids LifeGroup on our street for the neighborhood kids. Our house is the neighborhood hangout and we are intentionally pursuing ou new friends with the love of Jesus!

Spotlight

This year the Lord has spoken that it will be a year for Jack to become skilled. We believe that has many facets but one in particular is in his skill for loving the lost and living outward focused. Jack is a man of passion that carries the fire of God, and we believe the trip to Germany is going to be a marking experience for him and his development in skillfully loving the lost!
